ABOUT PORCELLAN

Porcellan Co. LLC is a United Arab Emirates based company, spread over an area of 765,000 square meters in Abu Dhabi area. Founded in 2006, it plays a key role within the strong local and regional presence of Jamal Al-Ghurair Group (JAG) by decisively re-defining the concept of porcelain tiles.

Porcellan's sales network reaches key distributors in over 50 countries in the Middle East, Africa, Asia-Pacific, Americas and Europe. Porcellan serves large-scale distribution channels, specialized dealers, retailers and mega projects. The integrated efforts of its workforce along with the latest technologies utilized provided the company with the capability to produce more than 50,000 square meters of tiles per day.

Products manufactured by Porcellan match the quality and aesthetic criteria of architects, interior designers and homeowners. There is no doubt that the company will set a new benchmark for porcelain in the United Arab Emirates and worldwide.

It is worth mentioning that the company was established by Mr. Jamal Al-Ghurair who is accustomed to the nuances of business and commerce at an early age. He recognized the untapped local and regional market for porcelain tiles and bravely directed his vision into building one of the largest porcelain plants.
